One Voice Music

April 25, 2009

Dear Pastor:

I am writing to introduce both myself and our group to you.

One Voice is an up and coming Southern Gospel trio with a very familiar sound and a timeless message. The group's slogan is "One Voice, One Truth, One Savior". We consider ourselves to be "musical missionaries" as our goal is to see the lost won and the saints encouraged. God has designed the heart of man to be open to the message of music and we want to spread the message of the gospel in the greatest way we can. We have seen God move through our ministry, and we would like an opportunity to minister in this way to your group/congregation.

We offer far more than just a gospel concert. I am an ordained Pastor, and I am very willing to preach if called upon. Nathan and Alan are excellent with Junior Church programs, and are prepared to minister in this way at all times. However we can be of service to your church, we want to serve wholeheartedly.

Please hear and know our hearts. God is the center of this ministry. The truth of the gospel of Jesus Christ is our message. We believe that we have been called into this ministry, and we will serve God however he requires and allows. God has been very gracious to meet our needs through love offerings from the churches that we have ministered in. We believe that He will continue this wonderful provision, and therefore we have no set fees. We only ask that God's people be generous, and in return we promise to use these funds to spread the gospel. Funds from the sale of our CD's, etc. serve to allow us to produce new projects.

I cannot tell you how excited we are to minister to your congregation. Please feel free to call me at (816) 415-3311 to discuss any details.

I am including bios on the group and some promotional materials (tape, flier, etc.). We appreciate your openness to our ministry in this way. Please call if we can be of service.

Thank you very much for your time.

May God bless your and your ministry,

Dale McClung
